

## SIMSON PRIMERS AND CLEANERS

# Simson Cleaner E

*The Simson Industrial Special Range is a range of high tech quality products especially developed for industrial applications.*

### PRODUCT

Simson Cleaner E is a preparation agent, ideally suitable for cleaning and degreasing substrates for bonding or sealing with specific Simson products. Consult technical information leaflet of the particular product.

### APPLICATIONS

- Cleaning and degreasing joints in teakwood decks (prior to the application of Simson MSR Primer P).
- Removing uncured sealant and adhesive, based on Silyl Modified Polymer (SMP), silicones, polysulphide and polyurethane from substrates and tools.
- Degreasing and cleaning glass substrates.

### METHOD OF USE

With a clean, pigment free cloth, wetted with Simson Cleaner E the substrates are strongly rubbed. If very contaminated, the substrate can be cleaned another time.

**Note:** It is recommended to make a trial in advance on a small piece, to check whether the substrate will not be affected by Simson Cleaner E.

### DRYING TIME

Pretreatment of teakwood decks: Simson MSR Primer P can be applied immediately.

Other applications: it is recommended to allow a drying time of 5 minutes.

# Simson Cleaner E

---

## TECHNICAL DATA

Dry contents	0%
Specific gravity	0.9 g/ml
Flashpoint	-4°C
Colour	transparent
Packaging	500 ml tin

## COVERAGE

The coverage of Simson Cleaner E on teakwood deck joints is approximately 15 m<sup>2</sup> per liter.

## STORAGE STABILITY

Simson Cleaner E may be stored for 12 months in a closed (unopened) container in a dry place at temperatures between +5°C and +30°C.

## SAFETY PRECAUTIONS

Simson Cleaner E is highly flammable. Irritating to eyes. Repeated exposure may cause skin dryness or cracking. Vapours may cause drowsiness and dizziness. Store in a well ventilated place. Keep away from sources of ignition. Do not smoke. Avoid contact with the eyes. Consult safety data sheet.

## TRANSPORT CLASSIFICATION

Land	ADR/RID exempted
Sea	IMDG exempted (limited quantities of class 3.2)
Air	IATA Class 3 - flammable liquids
Transport name	ethylacetate
UN.nr.	1173
